Venoplasty for Cardiac Device Implantation

Sungkyunkwan University
School of Medicine

Samsung Medical Center
Electrophysiology Lab.

Seoul, Korea

Dr. Seung-Jung Park
Upgrade: No Venoplasty
Upgrade: No Venoplasty
However,.....
Subclavian vein obstruction
Dilator first ➔ with sheath
Failure → Thicker dilator
Successful LV lead implantation
From smoke into smother
Wiring is first!
Uninvited Guests
Unpredictable
Another option
Others,.....
Summary

- Obstruction looks more severe than real
- Wiring is First
- Serial Dilation, Balloon angioplasty, and Lead extraction
- May be not so difficult as it looks, and safe
Thank you for your attention!!

Guard Your Heart above all else For it determines the course of your life.

—Proverbs 4: 23—
